Profile

I'm a versatile visual designer that finished my Bachelor of Design Computing degree (UX/UI) in The University of Sydney.

Within the design that I do. It's trying to find how technology finds those things that make users cranky and try to make life less cranky. Helps make life easier for us or better for us or bring us close together. I am keen on exploring new ideas and developing innovative and meaningful solutions to meet user needs.

Skills

- **UX Design and Strategy** — Adobe Suite, Figma
